AFLAME INFERNO #45

I'm getting quite addicted to writing these notes...

This time, it's concerning the four "hells" in the Aflame world and the "titles" each emperor has. Firstly concerning the four hells, I am currently using:

1. Eastern Hell of Obliteration (東方の狂炎地獄)
2. Western Hell of Corruption (西方の堕落地獄)
3. Northern Hell of Annihilation (北方の絶滅地獄)
4. Southern Hell of Condemnation (南方の呪怨地獄)

Technically "Obliteration" and "Condemnation" are incorrect, the literal translation for the eastern hell is "Eastern Hell of Raging Flames", and literal translation for the southern hell is "Southern Hell of Curse and Resentment". But since I wanted to follow the -tion endings, I've kind of changed the meanings. If anyone has a better word to use, please contact me!

Second thing is concerning the titles each of the emperors have, I will be using the following:
Inferno: A flame of Carnage (滅殺の炎)
Gehenna: Queen of Destruction (破滅の女帝)
Pandemonium: Pilgrim of the Sabbath (安息の巡礼者)
Thanatos: Molar of the Death God (死神の牙)

These were mostly taken from previous releases, overview are all good =)

Come visit our site if you have your own suggestions for anything I translate.

And as always, thanks for reading!
